## JANSI Annual Conference 2023

- JANSI celebrated its 10th anniversary on Nov.15, 2022. As we enter the middle year of the 10-Year Strategy, we will confirm the results of activities and look toward future activities in order to contribute to the formulation of strategies and action plans for the next 10 years.
- In the keynote speech, Mr. Schuetz, CEO of Energy Northwest, operating agency in the United States, will deliver a speech on improving Columbia Generating Station performance by embracing self-regulation based on his many years' experiences at INPO and the Energy Northwest.
- In the panel discussion, Mr. Schuetz, Dr. Yamaguchi (Nuclear Safety Research Association), Mr. McCree (Former Executive Director for Operations for the NRC), Mr. Mori (Representative Executive Officer & President, Kansai Electric Power Company), Mr. Yamazaki (President & CEO, JANSI), and Mr. Webster (Chairman, JANSI) will discuss on activity results after 10 years from foundation of JANSI and expectations, prospects, etc. of future activities. Ms. Yamashita (Managing Director of the Institute of Energy Economics, Japan) will moderate the panel discussion.
- We look forward to having many participants, such as leadership of the companies and people at the field in the power plants, watch this conference.
