

## *Restart information of the Ikata nuclear power station Unit 3*

August 22, 2016

Shikoku Electric Power Company

### **Ikata Unit 3 started constant rated thermal power operation**

The Ikata Unit 3 started constant operation with rated thermal power at 10:15am today.

According to the current schedule, the final regulatory inspection will be conducted by the Nuclear Regulation Authority on September 7th. If the inspection finishes successfully, the Ikata Unit 3 will enter the normal operation state.
