Start of Fuel Loading Operations at Kashiwazaki-Kariwa

Nuclear Power Station Unit 6

June 10, 2025
Tokyo Electric Power Company Holdings, Inc.

Today, regarding the fuel loading operations※ at Kashiwazaki-Kariwa Nuclear Power Station Unit 6, we began inserting control rods at 1:01 p.m. and loaded the first fuel assembly at 1:50 p.m.

We will continue to proceed steadily with each fuel assembly, stopping if any issues arise during the work, and will make another announcement once all fuel loading has been completed.

※ The operation of transferring and loading fuel assemblies from the fuel pool into the reactor

A total of 872 fuel assemblies will be loaded at Kashiwazaki-Kariwa Nuclear Power Station Unit 6
